

Discover the Hidden Value in Your Home

During March and April NO Closing Costs & NO NYS Mortgage Tax*

If you're looking to make improvements to increase the value or enjoyment of your home, a home equity line of credit, or HELOC, may be just what you need. Use it for anything from remodeling a bathroom, to adding a sunroom, or replacing windows. A HELOC can be a great source to help you finally get your projects done. You can even use it to pay tuition and consolidate debt.

Refinance Your Home Equity and Save

If you have a home equity loan or line of credit, chances are you already know that your home can be a good financial resource for you and your wallet. But did you know that refinancing your home equity – even if you took it out just a few short years ago – could add up to substantial savings?

Lowering your home equity rate by just one to two percent may not seem like a lot, but it can actually save you hundreds – if not thousands – of dollars over the life of your loan. It can also give your budget a little breathing room because you may also be able to extend your loan terms. That may allow you to further reduce your monthly payment as well as to consolidate your higher-interest debt, such as credit cards and personal loans, which can save you even more. You can borrow up to 90% of your home's appraised value and enjoy no closing costs* with a First New York home equity line of credit.

Fixed Home Equity Line of Credit
